AHC21016 – Certificate II in Conservation and Land Management

Be part of an exciting and unique course that will allow you to be immersed in a major conservation project here in South Australia.

Study the Certificate II in Conservation and Land Management with ARO Educational Services and Zoos SA.

The course is designed as an introduction to the work done by conservation land management workers. It is a hands on, practical course immersing you in actual regeneration projects that help to conserve our natural heritage. You will work with and learn from experienced conservation land managers at South Australia’s premier conservation organisation.

You will be directly involved in the bush revegetation in the Monarto area, learn to propagate native plants from seeds, carry out weed/pest control and build support structures to help educate the public.

The course is delivered by ARO’s expert Conservation trainers and Zoo curators.

Students will be involved in the unique project of assisting Zoos SA staff and volunteers with preparing the Wild Africa precinct at Monarto for their involvement in the Australian Rhino Project.

Course starts: Semester 1, Friday 3 February 2017
Duration: 2 Semesters over 12 months
Delivery: 1 day a week; classroom and practical sessions
Location: At both Zoos SA sites—Adelaide & Monarto (Wild Africa)
Cost: VET School Students $3,750.00 Includes complementary 1 year Zoos SA membership

Enquiries to Silvia on 8339 1066 or 0435 017 991
