How long is it going to take?

As a student who is not studying under a Contract of Training as a trainee the learning is self-paced, so the length of time to complete the qualification is dependent on your current skills and capacity to commit time to your studies. The learning and assessment time of this qualification for a non-traineeship is 1200 hours over a 3 year period. As a Trainee (studied under a Contract of Training) this qualification must be completed within your traineeship period of 36 months (3 years).

The length of study may be lessened where you can evidence relevant current competency for skills and knowledge. This may go towards recognition of prior learning (RPL) resulting in credit for one or more units of competency. ARO can provide assistance with the RPL process. Please contact our office and/or indicate your desire for RPL on the enrolment form.
